 FordonsGas

# Trucks, market understanding: LNG: Long haul transport:

The methane market **is still “on hold”**.

Depends on lack of vehicles and HVO threat, but ....

**Volvo Trucks:** will start production week 2018-11. Market activities during 2017.

**Scania:** no new information.

**Iveco:** They have introduced **Stralis NP, 400 hp** in Europe.

Volvo FH, Methane/Diesel  
13 Liter, 460 hp

Iveco premieres new  
Z TRUCK powered by  
biomethane at IAA 2016  
**460 hp, range 2200 km**
