## Drive Clean launched

During spring GREAT has launched the project's new concept– Drive Clean. This event based concept is aimed at promoting alternative fuels and alternative fuel vehicles towards the general public at locations where GREAT infrastructure is installed. The target is to make more people choose BEV's and CNG cars (where relevant) and to see at least local short term positive sales as a result of the event.

The Drive Clean Tour has been arranged in Värnamo on 24-25 March, Mölndal on 28-29 April. Spring season finished with the event Drive Clean Rally in Halmstad on 12-13 May.

We are now in the planning stages for fall dates as well as spring 2018. Expect new dates in the coming weeks.
